Introducing Meik Bartoschek - Trainer, Facilitator and Motivator

It is always a pleasure for me to help somebody with a letter of recommendation who is equally talented and devoted to his professional life as Meik Bartoschek.

After I met him for the first time in 1994 we worked together on a lot of projects and I can honestly describe him as a true professional, possessing excellent skills in design, delivery, presentation and training techniques.

For the past 6 years we have enjoyed Meik's training programs here in our resort and it was a pleasure to see the quality of work, the dedication and the outstanding results he has been able to continuously produce.

I would strongly recommend Meik Bartoschek to every hotel or resort hotel in need of excellent training and facilitation services.

A handwritten signature in black ink, appearing to read "Mathias Hansen".
