**To Whom It May Concern**

From: Rene Lambrigger – General Manager  
Date: Milta, Turkey July 23, 1996

I have known Meik Bartoschek (Trainer and Facilitator) for more than six years now in which he worked for all of our resort hotels as consultant and Executive Manager of Human Resources for Aldiana Management and Consulting, Switzerland.

During this time Meik has helped us with his expertise and knowledge in a variety of training and human resources needs and issues.

He conducted pre- and post season training and training workshops for our hotel and entertainment staff.

I would like to take the opportunity to thank Mr. Bartoschek for lending his talents as a trainer and motivator to our success.

I believe any organization would be fortunate to have Mr. Bartoschek as a member of their team and therefore I can recommend him with complete confidence.

With best wishes
