Mr.

**Meik Bartoschek**

**1422 Challenger Ave.**

**Davenport, FL 33837**

Dear Meik,

I just wanted to drop you a line to thank you for your recent ( April 29 - May 15, 2000) training workshops

conducted in our Aldiana Resort Side.

The entire staff said they learned a great deal from your first rate presentations and I heard many positive comments about the following workshops as well.

You know, it is always a pleasure to welcome you into our operation because people with your experience and insight into the demands of a high volume resort operation are hard to find.

You provided us, once again, with all the necessary ideas and strategies to move forward in our professional development. Your ideas were creative as well as effective. As a result of your work our staff was confident and full of enthusiasm to master the upcoming challenges of a long summer season.

Of course we want you involved in our next training and we are looking forward to welcome you back in September this year.

Once again, thank you for your excellent work. You more than covered the material we needed and it was presented in a professional yet personal manner which made everybody feel comfortable.

I appreciate your efforts and I will not hesitate to recommend you.

Sincerely 

**Karlo Petelin**  
General Manager
